OCTOBER 2007 Newsletter

From the Director's Desk

We are proud to announce that we are now a member of the **Northeast Tarrant County Chamber of Commerce.**

It's the last day of the month and I had to tell the young lady that needs a sponsor that we still do not have one for her. Of course, **she sobbed and we hugged.**

I asked her why she wanted to be a part of The Clubhouse so badly and this is what she said. "I don't have a Nintendo or things to do like there are at The Clubhouse. I have friends there. My family doesn't have the money and so I can't be there." **"Why do I have to have money to be there?"**

That is my question as well. Why should money always be the thing that keeps us from being or doing what we want? Why should the lack of money determine our social development? Everything is driven by money and I wish it wasn't that way.

There are several other young people that want to be here but can't because of the lack of money.
