The Clubhouse

For Special Needs, Inc.

For the mild to moderate mentally/ physically challenged teenagers and young adults.

SEPTEMBER 2010 Newsletter

From the Director's Desk

Closing Summer Program

It was a great success! We had 50-60 people join us for a delicious dinner catered by Dickey's BBQ. The young people did an awesome in the "Summer Time Fun in the Sun" program. A big giant thank you to Miss Cookie and to those that assisted her: Earl, Morgan and Nicole.

All the young people present will receive a complimentary copy of the "Summer Time Fun in the Sun" video.

Thanks you to everyone for helping with the evening event.

The HEB Rotary presented The Clubhouse for Special Needs with a check in the amount of \$2,000. Thank You!!!

Remodeling

With staff and young people and two in wheelchairs, it was a constant "excuse me please" attempting to move about. Our 1737 sq. ft. facility really doesn't have a space to do any group activity successfully. The hall is wasted space and its walls will be going away to give us a sense of more space.

HEB Rotary men will be taking on this task. Thank you gentlemen! If you would like to join them please give me a call: 817-285-0885.

Let's be aware that this remodeling will not totally solve our current space problem. Moving is still necessary. (A fish can only grow in ratio to the volume of water in the fish bowl.)

1000 giving \$1000

HELP US BUILD A NEW FACILITY WITH A FULL GYMNASIUM!!!
Our special teens and young adults deserve to have the best!

After-School & Day Programs

The fall season has begun and we currently have openings for both our After-School and Day Programs. Visit our website for more information.

www.theclubhouse.org

Saturday, September 11th

While we wait for the "vision" to happen, we have been given permission by our landlord and our Board of Directors to knock out some walls here to give us a space of more space. The hallway is totally wasted space and not necessary.

This summer we were crowded. We had 30 different young people participate at some point throughout the summer program. If they had all come on the same day, we would have had to send half of them away. Our high for one day was 15 and averaged 11-13 daily.
